Yet another breakup playlist.

This one is a lot more depressing and angry.

I reaaaally wanted things to be over, but I just couldn't let go.

Fav songs:

- Hollow
- Breakup Song
- Set it on Fire

These songs feel like someone who's just worn down.

I used to listen to *Love Is Only A Feeling* on repeat.

It was more like a reminder to myself that it was just a feeling that would pass.
