Trauma Bonding

Stupid kids

seidy • 28 songs, about 1 hr 15 min

The title speaks for itself. Sick and tired of the same old games. Trying to understand what I'm doing and why.

Fav songs:

- On The Bird in The Cage
- Motion Sickness
- Coffee & Conversation

A song I would add on here is "Virgo" by pity party. I just didn't want to feed it anymore, but that song reminds me of this feeling.
